YANKS COMPLETE OCCUPATION OF MUNDA

British Eighth Army Staging Final Drive To Messina

Prize Air Base In South Pacific Falls After a Short Siege

Over Sixteen Thousand Japanese Dead Are Counted To Testify to Bitterness of Struggle For Important Airfield

AMERICANS ARE BUSY MOPPING UP GUERRILLAS

By WILLIAM F. BONI
Allied Headquarters in the Southwest Pacific, Aug. 6—(P)—American ground troops completed the occupation of Munda today, just 32 days after a beachhead was secured on New Georgia Island and five weeks after U. S. invasion forces landed on the neighboring island of Rendova, June 30.

A special communique issued tonight from General Douglas MacArthur's headquarters gave few details of the final assaults which crushed the enemy's stubborn, but hopeless, stand.

But preliminary announcement that 1,671 Japanese dead already had been counted testified to the bitterness of the struggle for the 1,000-foot-long airfield and protecting fortifications built by the Japanese since they occupied New Georgia one year ago. Since that time Munda had become the core of Japanese defenses in the central Solomons.

Activity of the battle-hardened American troops is now limited to mopping-up operations.

A special communique said: "Munda is now in our hands. All organized enemy resistance has ceased. Action is now limited to destruction of isolated enemy groups. Sixteen hundred seventy-one enemy dead have already been counted."

(An eyewitness account by J. Norman Lodge, Associate Press war correspondent, written Tuesday, Aug. 3, after he reached the eastern edge of the airstrip with the troops, indicated strongly that the backbone of Japanese resistance was broken on Monday.

(He wrote of units surging forward in contrast with slow, bitterly contested progress the day before; of five joyous soldiers, shouting "there's the field" as they risked enemy fire to dash out, seize souvenir pieces of a wrecked zero, then dash back to the airport in a very few days," he said.)

Munda's capture would place the United States airforce within fighter plane range of the big Japanese air and shipping base of Rabaul 450 miles to the northwest and would weaken greatly the importance of such intervening Japanese bases as the Kahlia airbase south Bougainville, the Buin-Faisi shipping center, and the big supply depot of Vila Kolombangara.

On northeastern New Guinea, the Allies' objective, the Salamaua air base, was so seriously menaced that the Japanese attempted numerous counterattacks five miles below there. Today's communique reported the attacks were heavily repulsed.

Allied investment of Salamaua's airfield would pose the same threat to southern New Britain that Munda's conquest would mean to Rabaul on the north.

MURDER CHARGE FILED

Deadline For Filing First Tax Declaration Approaches

Washington, Aug. 6—(P)—It will be up to most of an estimated 15,000,000 income tax payers whether their September 15 date with the tax collector is to be a real chore or just a minor annoyance.

That is the deadline for filing the first declaration of estimated income and victory tax required under the new pay-as-you-go act. Those who must file are single persons earning more than \$2,700 a year, married persons with an income of more than \$3,500 and persons to whom the 20 per cent withholding levy does not apply, such as doctors, ministers and

NAZIS REELING BACKWARD ON SOVIET FRONT

Double Victory Pries Loose Both Orel and Belgorod In Stunning Drive of Russians

MANY PLANES DOWNED

BY HENRY C. CASSIDY

Moscow, Aug. 6—(AP)—Germany's entire eastern front was threatened with collapse today as the Red army rolled through gaps made by the capture of Orel and Belgorod in the first great Russian summer offensive of the war.

The Red army's new objectives appeared to be Bryansk and Kharkov. Russian troops pressing south from Belgorod were less than 45 miles from Kharkov while in the north the Russian armies pushing through Orel were about 75 miles from Bryansk.

The Kharkov salient now bulges out in the German line and the Nazi garrison there is in the same position as their cohorts at Orel before they gave up the city.

Moscow was in a holiday mood for the first time in the war over the twin victories.

London, Aug. 6—(P)—German forces were reeling backward in their first great summer retreat of the war on the Russian front today as the shattering Soviet offensive that crushed Orel struck suddenly 165 miles to the south yesterday to wrest Belgorod from the Nazi invaders.

The double victory which pried loose two of the most important German strongholds on the southern front was hailed by Premier Joseph Stalin in a special announcement broadcast from Moscow as dispelling "the legend of the Germans that Soviet troops are allegedly unable to wage a successful offensive in the summer."

"Death to the German invaders," he told his victorious forces. "Belgorod fell to the Russian drive threatening to push the cream of Hitler's forces back into the rich grain fields of the Ukraine, Nazi forces falling back from reconquered Orel were subjected to withering punishment from the Red air fleet."

The escape corridor to Bryansk, 30 miles to the west, was littered with burning trucks, guns and other war supplies, the Russians said, as Soviet bombers bombed and strafed the retreating columns.

Seventy-two German planes of formations which tried to screen the beaten Nazis were reported shot down.

Northwest of Orel, the Germans launched sharp counterattacks but the Russians said their forces continued the general advance after annihilating more than 1,000 of the enemy and knocking out 16 tanks and 22 guns.

The Russian advance also was reported continuing south and southwest of the city where more

Civilians Riot At Vancouver

Vancouver, Wash., Aug. 6—(P)—Chief of Police John Blaker today blamed "hoodlums" and "pay-day drunks" for inciting a riot last night which police finally dispersed with tear gas.

Three men were hospitalized and eight jailed.

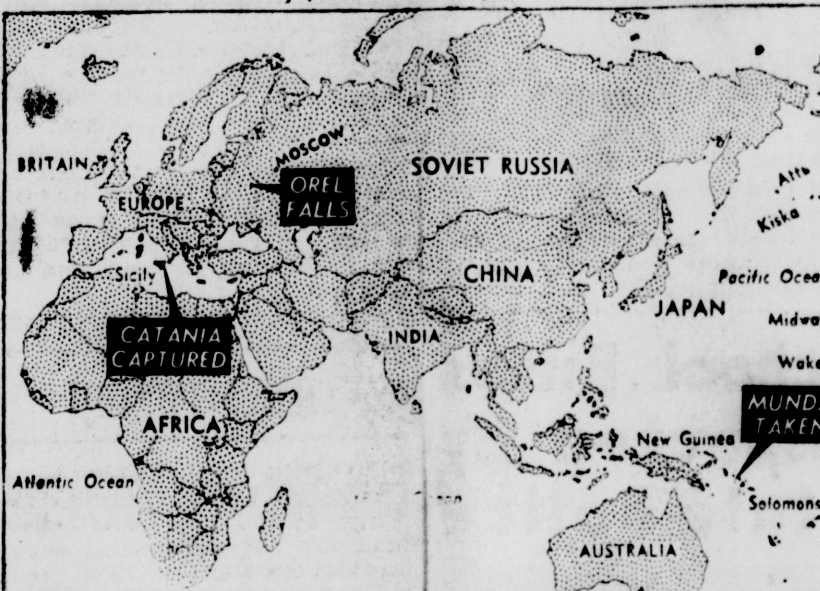

It started, police said, when a soldier fought with a civilian in a cafe early in the evening. He was ejected but returned later to assault the cafe "bouncer."

Chief Blaker said the suspected ringleader of the rioters was in custody but no charges had been filed.

Hundreds of persons drinking in waterfront taverns where the trouble started spilled into the street. They were joined by soldiers and pedestrians. A crowd of approximately 1,000 persons quickly gathered. Taunts were flung at police and fighting broke out.

Military police called to the scene had all soldiers back in their barracks within an hour.

Victory, Victory, Victory!

The news is victory, victory, victory on all three major fronts, with the fall of Orel or a possible throwback of Nazi forces all along the Russian front, the capture of strongly defended Catania indicating all Sicily will be ours in a matter of days, and the capture of Munda air field from the Japs in the Solomons ending a 35-day struggle by U. S. fighters for this strategic spot.

Noon-Hour Practice Blackout Scores About 70% In Borough

Warren today only scored about 70% in the practice blackout in which all of Pennsylvania took part. The "yellow" alarm was received from the black box at 12:17 and the flash was given to the various posts as usual, but many failed to get it, and when the "blue" came at 12:27 there was a rush and the Control Center was staffed in four minutes. This was the fastest time yet made. When the "blue" sounded there were but a few of the wardens and auxiliary police yet on their posts.

The "red" signal at 12:37 found many with an idea that they should stand out of doors and see what was going on; some thought they had to make a bus, and others stood just inside windows looking out.

The wardens and auxiliary police cleared the streets and ordered all indoors, but a number of women were to be seen rushing toward the bus station and from store to store during the "red." This is a distinct violation of the rules and unless stopped arrests will follow. The practice of standing by glass is also out, as the danger from flying and splintering glass would be great during an actual raid.

The final "blue" sounded at 12:49 and the "all clear" came over the radio at 1:00 and on the black box at 1:05.

The alert today was a distinct surprise and it caught all flat-footed. However, the handling of the alarms was all that could have been desired and the staffing of the Control Center after the "blue" sounded was well done, but late. The protective services were reported by Commander-in-Chief Fortester Waite to the State Control Center as being "about 70%." This

Commissioner Appointment Is Criticized

Harrisburg, Aug. 6—(P)—Selection of Henry Houck of Pottsville by Governor Martin as a public utility commissioner brought an assertion from a member of the senate Democratic minority today that the chief executive's recent appointments made "a mockery of constitutional government."

State Senator Elmer J. Holland, Allegheny county Democrat, declared, "I don't know enough about Houck to comment on this particular appointment, but I would say the governor has made

IMPORTANT NOTICE

The government has ordered newspapers to reduce their use of newsprint 5 per cent based on tonnage consumed in 1941, which in most cases amounts to more than 5 per cent as based on current consumption. An additional 10% cut in newsprint is expected on October 1st.

In order to meet the requirements of the government it has been necessary to take drastic steps and accordingly all free copies have been discontinued and measures will be taken to eliminate distant circulation and waste copies. Only sufficient copies will be printed to fill advance orders of carriers, newsstands, and street salesmen. We urge readers to place an order with the circulation department of the Times-Mirror to have the paper delivered to your home, or leave an order with your newsdealer to save you a copy. Orders for home delivery will be accepted by the publishers only on a paid in advance basis.

If you are not already a regular subscriber to the Times-Mirror now is the time to place your order, as further drastic cuts in the consumption of newsprint will be ordered by the government in the near future. Already in 1943 two advances have been made in the price of newsprint and other increases are in prospect. This may mean that newspapers will be forced to increase subscription rates to take care of advancing costs.

ITALIANS ARE DISTURBED BY AXIS REVERSE

Failure of New Government To Heed Popular Demand For Peace Arouses Much Comment

MANY PROTEST STRIKES

BY FANK BRUTTO

Bern, Switzerland, Aug. 6—(P)—Failure of the new Italian government to heed the Italian people's demand for peace aroused tremendous interest among the Italian people. "All of whom expected Premier Badoglio to report on the dramatic situation in Italy and its wish for peace."

"Everyone is talking of peace these decisive hours and the possibility of reestablishing Italy's honor," the correspondent wrote. He added that the Allied conquests of Orel and Catania "caused an enormous sensation. The people asked each other 'how can Badoglio still hesitate?'"

The cabinet, however, gave no sign that Badoglio was seeking peace. The announced result of the long session was the enactment of a series of measures continuing the destruction of the Fascist party structure, revising methods of administering the country's penal code, abolishing racial laws and instituting several controls of the press for the duration of the war.

All these measures, plus an investigation into the wealth accumulated by leaders of the Fascist party, said the Tribune de Geneve in a Rome dispatch approved by the Italian censor, are intended to win the support of the Italian masses for the foreign policies of the Badoglio regime.

Early Relief From Gas Ban Is Predicted
New Jersey Representative Says Supplies Are Being Increased

CONGRESSMEN BUSY

Kearny, N. J., Aug. 6—(P)—Rep. Fred A. Hartley, Jr. (R-N.J.) said today the eastern states now have definite assurance of an increased gasoline and oil supply, and the eastern motorist may soon expect to have gasoline coupons equal to those in the middle west and southwest.

Rep. Hartley, chairman of the Eastern Gasoline Conference of Representatives in Congress, said he based his conclusion on conversations in Washington with Price Administrator Prentiss M. Brown and petroleum administration officials as well as upon the statement of Secretary Ickes yesterday in Chicago.

Ickes, in a meeting with congressmen from 32 midcontinent states, said that a reduction of gasoline and oil for the middle-west and southwest would be required to equalize the war burden.

Hartley added Ickes "showed courage" in speaking out so plainly before the western congressmen.

Now that the transportation bottleneck has been broken with the completion of the "big inch" pipeline, the congressman said he would continue to press for the raising of ration coupon values in the east as soon as stocks have been built up. No real obstacle now lies in the way of such action, he said.

"It doesn't happen soon," he added, "we shall put on the pressure again."

Nazis Accept Swedish Edict

Stockholm, Aug. 6—(P)—The Swedish public demonstrated pleasure today at the decision by the government of King Gustaf V to bar Sweden's transit facilities to German troops and war material.

The average Swede never approved of the Nazi transit traffic between Germany and Norway and Finland through Sweden. It was accepted by the government as an expedient measure when war threatened the unprepared nation in 1940.

Now the Swedes are better prepared militarily than at any time in their history, with a well-equipped and superbly trained army of 400,000 men and coastal and other defenses on 24-hour alert for any eventuality.

No reprisals have been indicated or threatened by the Nazis for the decision, announced yesterday, to stop the transit of German war material across Sweden Aug. 13 and to halt the movement of troops Aug. 30.

Baltimore Newspapers Announce Price Hike

Baltimore, Aug. 6—(P)—The Baltimore Sun papers announced today that effective Aug. 9 the carrier delivery price for the Sun and the Evening Sun would be advanced from 12 to 15 cents a week.

The Sunday Sun will be 12 cents, effective Aug. 7, for street sales on Saturday nights, but 10 cents on the day of publication. Street sale prices for week-day issues of both papers will remain at three cents, and 12 cents will continue to be the price for the Sunday Sun outside Baltimore and suburbs.

Similar increases were announced yesterday by the Baltimore News-Post and Sunday American.

Human Torch Slaying Is Reconstructed

Indiana County Authorities Foiled In Attempt to Arrest Murderer

BABY'S LIFE IS SPARED

Indiana, Pa., Aug. 6—(P)—A story of untrained horror was told by Sheriff J. Clair Irvin today as he reconstructed the "human torch" murder of 19-year-old Edna Reeger Sink Tuesday night near her Brush Valley home.

As his deputies continued a search for Blair Sink, 31, the young woman's husband, who disappeared shortly after her death, Sheriff Irvin pieced together the physical evidence of the crime.

Mrs. Sink was found dead along a road, not far from a burned automobile. Clothing had been burned from her body and she had five bullet wounds.

"Indications are," the sheriff said, "that the driver of the car tried twice to wreck the machine by crashing it at high speed into trees. Mrs. Sink and her son, William, 2, were both in the car at that time."

"Apparently Mrs. Sink partially averted the crash by seizing the steering wheel. When the car stopped she leaped out and fled. The condition of the body indicated that the killer caught up with her, threw her to the ground, choked her and beat her head with stones until she became insensible. Then he dragged the unconscious woman back to within 25 feet of the car, saturated both the woman and the car with two cans of kerosene and set them afire."

"Later the killer returned and fired five shots into Mrs. Sink's body with a .22-caliber rifle. Findings by Coroner E. L. Fleming indicate the woman was still alive when these shots were fired, although undoubtedly so badly injured that she died."

Jap Losses In Planes and Ships Greatly Exceed U. S.

BY WILLIAM HIPPLE

U. S. Headquarters in the South Pacific, Aug. 6—(P)—Japan has lost more than twice as many warships and four times as many planes as the United States in the South Pacific since the beginning of the Solomons campaign one year ago.

A compilation based on official communique showed today the extent of American superiority over the enemy in the air as well as on sea.

Figures covering the period of August 8, 1942 to May 8, 1943, for the South Pacific only, placed Japanese losses as 96 warships sunk, 18 probably sunk and 129 damaged.

United States losses were 41 ships sunk and nine damaged.

Aerial Tornado Reaches New Climax as Flying Fortresses Bludgeon Vital City

CATANIA IS EVACUATED

BY REILMAN MORIN

Allied Headquarters in North Africa, Aug. 6—(P)—U. S. troops have plunged forward two to three miles on the north coastal road to Messina, and in the central sector of Sicily and have seized Gagliano in a steady rollback of Germans west of Mt. Etna, an Allied communique announced today.

The Allied aerial tornado meanwhile reached a new climax as Flying Fortresses bludgeoned Messina, the last big Axis escape hatch to the mainland, and air and naval forces continued to blast open the path on the north coast.

British and Canadian troops in the center smashed ahead toward Adrano in "steady progress" forward of Centuripe and Regalbuto, headquarters said, but the Germans are resisting fiercely.

The communique said that a British Eighth Army brigade accepted unconditional surrender of Catania, the east coast seaport and anchor of the Etna line, at 10:45 a. m. yesterday, and that the British then swept northward to the Mitterbianco and across the Simeto river to Paterno 10 miles away.

Other British Eighth Army units were smashing ahead north up the east coast toward Taormina and Messina 55 miles away.

On the north coast the Americans are threatening San Fratello and late reports put them within two miles of that road junction, whose capture would cut the last lateral roads still in enemy hands.

The Flying Fortress assault upon Messina marked the first time in many weeks that the Allies' heaviest air weapon has been used against that badly-battered Sicilian target.

Flood Claims Lives of 15

Sutton, W. Va., Aug. 6—(P)

Rescuers searched today in the debris of a flood known to have claimed at least 15 lives for the bodies of six other persons believed to have perished as survivors told of harrowing escapes from the lapping waters of death.

The property toll in battered houses, broken bridges and other devastation rose above \$2,000,000 as the little Kanawha river, swollen yesterday in central West Virginia to the greatest height in its history by raging mountain streams, left a thick layer of muck over the scene.

Eleven bodies were recovered within a 20-mile radius of Sutton, seat of agricultural Braxton county, while five members of a family were swept away by the angry current of Island creek and a mother and child lost their lives in Tenness creek near Gilmer on the Calhoun county line.

Rev. Rurark Camp Meeting Is Coming To At Youngsville Baptist Church Is Under Way

Rev. Ernest Rurark, of Kennedy, N. Y., has accepted the call of the First Baptist church here to serve as its interim pastor in the absence of Chaplain James A. Davidson, on Sunday, September 12. Chaplain Davidson, now serving at the Army Air Base at Blue-enthal Field in Wilmington, N. C., was previously granted a one year's leave of absence by his congregation, to date from the time an interim pastor might be secured. His leave, therefore, begins also on September 12.

Rev. Rurark has visited the local church on several occasions and was extended an official call last Sunday. His acceptance has just been received by local church officials and he will come here with his wife and four children when living quarters can be secured.

A native of Philadelphia and graduate of Eastern Theological Seminary in that city, he is 35 years of age. Prior to taking up the Kennedy pastorate two years ago, he had served in Stockton, N. Y.

MURDER IN TIN
By CARL A. PETERSON

Chapter 26
WE DROVE back towards the night-time streets that now began to show a few pedestrians and suddenly we were out on the Zocalo. The square seemed to extend for miles between the Cathedral on the north and the Palacio Nacional on the east. I glared out at the square. Now was the time to arrest the driver. I had my 38. I could pull him in and we could sweat Johnson's hideaway out of him.

We had a good chance to pull in the whole ring. But if anything went wrong, if anything happened to Lila—we could never get the tin from Sam Taggard. I shut my eyes. I felt drugged and stupid and the show-down was approaching. Johnson would never escape from Mexico. He would never return to Germany to lecture to Gestapo agents on successful techniques for the Americas.

The houses were scattering out as we approached the outskirts of the city. I wondered if we were returning to the house where Lathrop had been tortured and murdered. In this weave of conspiracies and counter-conspiracies many seeming impossibilities had already taken place. Hadn't Johnson walked out of the Club Opalo as silent and unseen as a story-book ghost? The Gestapo planned efficiently.

My counter-plan showed no such planning. I was simply trying to exploit the business rivalry of the representatives of the Gestapo and the Japs. And Sam Taggard was the broker.

In silence, the driver finally braked to a stop in front of a house a few hundred yards off the highway. In silence we walked to the door. We were let in.

CHEVAILE wasn't even the same man I had seen at the Club Opalo. His face was shrunken and tired. The living-room of the house where he received me was shabby. It fitted the man. This blond elegant man whom I had first met in his home on the Paseo de la Reforma had changed into another personality.

He stared at me as if he didn't care what happened. He spoke to the driver in Spanish. The

Molly Pitcher Tags Will Be On Sale In Warren Saturday

"The biggest single sales day in our War Savings Program comes Saturday when the whole nation honors the Revolutionary War heroine, Molly Pitcher," writes Mrs. Clifford F. Hines of Pittsburgh, associate state administrator. "Let us unite in supporting this fine campaign. Our goal will be to tag everyone in town by the end of the day."

Throughout Warren County patriotic organizations headed by capable women have made detailed plans to see that everyone has a chance to buy Molly Pitcher tags . . . to help fill the pitcher with War Bonds and Stamps. In Warren men and women are urged by Mrs. Gail Hamilton, chairman of the Women's Central Committee's War Savings Staff, not only to buy for themselves, but to see that their children's stamp books are filled and turned into interest-bearing bonds. Since the schools stamp program is halted by summer vacation, Molly Pitcher Day gives boys and girls a splendid opportunity to fill their stamp books and start new ones. This one-day Bond and Stamp drive symbolizes the services of a plucky girl of 24 who not only carried water through the thick of the battle of Monmouth to soldiers suffering from intense thirst and heat exhaustion, but who manned her husband's gun as he fell. The idea has met with enthusiastic support everywhere in Warren County. Hundreds have volunteered to serve our fighting men by buying and selling War Bonds and Stamps.

Members of Warren's Central Committee will man a desk in the Post Office from the opening of the drive at 9 o'clock Saturday morning until 9 in the evening. Here War Bonds may be had. Mrs. Hamilton urges everyone who is planning to get a bond in the near future to buy it Saturday. Saturday is the day the women of Warren County will show the men just what they can do. Everything is now in readiness. Warren county which has made a name for itself in collection of salvage will, it is believed, come to the front again with a great sales total to report.

Columbus Man Chosen Crack Bombardier

It is learned in a special dispatch from Big Spring, Texas, that Aviation Cadet Ralph J. Hamilton was one of the three crack bombardiers who represented the Big Spring Bombardier School at the IV All-American Bombing Olympics at Albuquerque, N. M., on July 25.

Cadet Hamilton is the son of Mr. and Mrs. Roy Hamilton, of Corry RD 5, was graduated from Dean High School in Columbus back in June of 1939 and worked for the Raymond Manufacturing Company in Corry until his enlistment in July of 1942.

He is a member of Class 43-11 graduated at the Big Spring School yesterday, receiving his silver wings as a bombardier and being appointed simultaneously a flying officer in the Army Air Forces.

World War I planes flew at maximum height of 16,000 feet—now bombers flying twice this altitude are no longer safe from enemy ground fire.

SALVAGE REMINDERS

Old Paper Boxes Aid U-Boat Raid
Allied bombers, smashing submarines in the North Atlantic, are being equipped with ammunition and supplies delivered in Victory containers, made from used paper boxes, bags, heavy wrapping paper and all forms of waste paper. Due to the shortage of wood pulp, waste paper is now used as a substitute in the manufacture of essential war equipment. Flatten out boxes, stack newspapers, magazines and loose waste basket paper into neat bundles. To sell your salvage, or give it to charitable or other organizations, call a collector at Warren Salvage Com. Call 3048.

Specialist To Exhibit Film Here Monday

Owners and managers of all food stores in Warren County are invited to meet next Monday evening, at 8 o'clock, in the large court room of the court house with Robert G. Kramer, commodity specialist from the Erie OPA offices. A slide film will be shown which clears up a great deal of the confusion many grocers have experienced in keeping in line with the changing OPA orders.

After the film Mr. Kramer will hold an open meeting for questions. Grocers and meat merchants will have an opportunity to get a well-rounded understanding of OPA policies as they apply to their stores. The WHY of certain regulations. They will be given a chance to object to anything that does not seem fair.

Members of the Warren County Price Panel and volunteer assistants from all over the county and in Warren are urged to attend this meeting. It is the hope of Mrs. W. C. Fuellhart, panel chairman, that the group may make Monday evening a real "Get-Acquainted" night.

"Contrary to the belief of some, the price panel is not set up to impose hardships on the merchants, but rather to help them and at the same time keep down inflation," said Mrs. Fuellhart. "Our aims are the same. By getting better acquainted not only with each other, but with the way the price ceiling program works, we will all do our war-time jobs in harmony."

Should any food retailers find it impossible to attend the meeting they may call 3077, and ask the price clerk to have them answered by Mr. Kramer.

CORYDON

Corydon, Aug. 2.—Ground was broken Friday morning last on the "corner lot at Corydon Hotel intersection where local citizens are contributing for the erection of a local honor roll. The worthy project under the direction of Corydon Grange members was sponsored by its order recently; a report is that the plot will be attractively landscaped with appropriate shrubs and flowers and in appearance bear resemblance to a small community park.

Despite inclement weather 16 including the hostess were present at the Ladies' Aid Society meeting the past Thursday with Mrs. Nell J. Caldwell. A bountiful supper luncheon followed the business meeting presided over by Mrs. J. K. Crooks and other officers. Present from away were the Rev. and Mrs. Johnson, of Kinzua. Mrs. Nelson Crooks is the next assigned hostess when members of the Kinzua organization will join Corydon members on the regular meeting date August 12th.

In a recent severe wind and rain storm locally a large tree was uprooted at the Harry Platt residence falling in such manner that it completely demolished a

BUY STAMP BOOKS

Some of those in the long line at the postoffice window were business people, waiting to buy stamps in quantity. Some were parents with packages for soldiers in distant lands or camps. Some waited to buy their monthly bonds or weekly war stamps, others for money orders. There was a scattering of housewives who had to buy stamps for letters and bills before tackling the lengthy marketing process. Some of these mad babies in buggies or small folk, only too active.

The clerk was attending to this various business with skill and dispatch, but even so it was long and tiresome. Then a woman approached the window who had bought three three-cent stamps the other day, and when she got home one was torn. She had turned out her whole hand-bag but there was only half there. She just didn't know what to do. Could she use the half on a letter? Or would the clerk give her the three cents back? She made a long story of it and left the window only after a good deal of argument. The clerk was patient, but he had to be firm. Meantime harassed legitimate buyers had to wait.

This is a true tale, though fortunately exceptional. No wonder the Post Office Department is urging the buying of 73-cent stamp books which save time for clerk, purchaser and others, and which keep the stamps in good shape.

SUMMER COLDS

Answering the question "What to do for a summer cold?" an Associated Press feature writer advises—"the same as you'd do for a winter one!"

At least he says that's the advice of medical authorities, who say that both cases of sniffles are actually brothers under your skin, and differ only in the season in which they come.

This is a very timely subject for discussion among a few hundreds of Warren citizens who have been complaining of such illness the past few days.

Contrary to popular opinion summer colds are usually easier to get rid of than their cold weather brethren. Actually, not much is known about acute coryza or acute rhinitis—which is what medical men call a running nose after the patients go home—but the most widely accepted treatment is to get plenty of rest, eat moderately and avoid exposure to cold air.

Sunshine is a good cold-chaser, but doctors say it is better not to swim when the sniffles strike.

If symptoms of a cold persist in summer, it's likely to be a sneeze of a different color—hay-fever, for instance.

A common type of hayfever occurs in early Autumn, the result of pollen being carried by the wind right into the nasal tract.

Doctors advise two ways of beating hayfever:

Get away from the atmosphere where the pollen blows. This may be difficult, however, for the pollens of ragweed and goldenrod are light and can be carried by the wind for long distances.

Or build up an immunity. Doctors will do this by finding the allergy and then give small doses of the offending substance until finally the body builds up a tolerance for it—and it becomes nothing to sneeze at.

WHOSE BLOOD SHALL IT BE?

Is the faltering response to the repeated appeals made for Blood Donors due to the fact that many believe that the end of the war is in sight? Do we feel that current victories on all fronts are not attended by losses and casualties on the part of our brave fighters? Some of us must!

Too many of us draw the wrong conclusions when we read that a million tons of Axis shipping were sunk since the African campaign was launched nearly a year ago. Or when they read that Mr. Nelson says that we are not out-producing the Axis in war material.

We neglect the lessons that can be drawn from reading of the tremendous casualties on the Russian front. We neglect the advice of our experienced military and naval authorities that the road to Tokyo and Berlin are long and that the toll we must pay will become heavier and heavier at each advance.

There can be no evasion of the fact that the cost in human lives—yes, American lives—some from right here in Warren—will be heavy as we advance from Sicily into Europe. At times the losses will be incalculably high!

But this loss can be lowered, and is being lowered daily, by the use of blood plasma. A pint of blood from all of us at home is a reasonable fee for the services our boys are rendering us. Whose blood shall it be? Yours or theirs?

YEARS AGO IN WARREN

Interesting Items Taken From The Warren Evening Times

In 1923
Seven vendors were on the street market this morning. They had a wide variety of offerings and some fine Red Astrakan apples were shown at two pounds for 15 cents; green beans at 15 cents the pound; blackberries at 25 cents the quart; tomatoes 20 cents the pound and cabbage 7 cents the pound.

F. A. Keller has killed two big rattlesnakes this summer. One of them he ran over with his car. It was 51 inches in length. The other he killed in Forest county and it was 42 inches long. He claims the snakes are in the low lands now as springs and streams in the mountains have dried up and the snakes seek water.

E. A. Gregory, who resides near Ferndale is a little irate. Two of his fine cows have been hit with rifle bullets, one being shot in the nose and the other in the shoulder. Two hunters also went across a field and evidently dropped a lighted match or a cigarette as a fire started with attendant trouble in putting it out.

Ed Baker is down from his cottage at Chautauque Lake and he reports having landed an 18 pound musky.

The Bell Telephone Company is putting a new cable across the river at the foot of Liberty street. It will handle 5000 wires.

In 1933

The annual reunion of the Erickson family was held at the home of Mrs. Victor Lundmark at Akeley this week. Sixty-nine relatives were present and Evelyn Wilcox was chosen president and Vida Peterson read a news report of births, marriages and deaths in the family for the past year.

Two men with handkerchief masks stopped and robbed Miss Irwin, of Sheffield in Montmorency near Ridgway Wednesday afternoon. She was alone in an automobile when the men stopped her. The highway patrol is searching for the culprits.

The first good drenching rain fell over this section yesterday afternoon and gave crops and lawns a good wetting down. It has been several weeks since the area was doused with rain.

Company "T", 112th Infantry has returned home after two weeks spent in camp. The boys are brown as berries but look hale and hearty. was a success in every way al-Captain Pearson says the camp though marked with a large amount of hard work for officers and men.

To Increase Membership

According to an announcement from the local Y. M. C. A., the second period of the Three-Day Victory Camp is scheduled to start this coming Tuesday, August 10th, and due to the great demand by the boys to attend, has been increased from 10 Cadets and 10 Juniors to 15 of each. This permits 10 more boys to enroll as the

original quota has been filled. Any parent desirous of having their boy attend should make immediate application as the number will not again be increased.

Those who have signed up for this last period are:

Cadets: Melvin Grosch, Charles Irvin, Danny Wilson, David Shields, Charles Hedges, Bob Alinger, Karl Smith, Charles Conway, Dick Bartsch and Russell Curly.
Juniors: Glenn Farr, Glenn Grosch, Ted Shattuck, Dick Stone, Clyde Smith, Mike D'Angelo, and David Helm.

Corn Borer In Saboteur Hard To Kill

The European corn borer is causing considerable injury to sweet corn and field corn in Warren County, according to the findings of O. C. Tritt, County Agent, and Dr. Henry Menusan, Entomologist of State College. The increase in corn borer injury this summer has been due to the inability of the farmers and gardeners to properly destroy or plow under, last fall or early this spring, the old cornstalks from last year.

The corn borer overwinters as a full grown worm in the stalk or corn cob and transforms into a moth in the spring. This moth then deposits its eggs on the underside of the corn leaf or even on the leaves of flowers having suitable large stalks. The corn borer larvae then hatching from the egg migrates to the growing tip and feeds on the developing tassels. The first sign of corn borer injury is usually broken tassels where the corn borer has been feeding and thus weakening the corn stalk so that a slight wind will break it.

The European corn borer mainly feeds on corn and there is only

one generation a year in Warren County. The most practical control for this pest is the destruction of the overwintering larvae. This can be done by the farmer by deep, clean plowing in the fall or early spring of all corn stalks and stubble. All the corn stalks and stubble must be covered by about two inches of soil to destroy the corn borer. The plowing must be clearly done to be effective and must be completed before the first of May. Fall plowing is as effective as spring plowing on the fall cleanup should not be delayed unless impractical.

When corn is used as ensilage or feed to animals the stubble left in the field should be less than two inches or more of stalk to overwinter.

For the Victory Gardener the best practice will be to burn all the corn stalks and other refuse from the garden as soon as possible after the crop is harvested.

The most effective corn borer control is obtained when an entire community follows one of the corn borer control practices mentioned above. So let's get together to down this corn saboteur.

SUNDAY SERVICES IN WARREN CHURCHES

CHURCH NOTES

Pastor Arthur Sennewald announces there will be no worship service in the Emanuel Evangelical and Reformed church on Sunday but that the usual Sunday school hour of 10:45 a. m. will be observed. The following Sunday, August 15, the 9:45 a. m. worship service will be in charge of Dr. J. H. Clemens, retired Methodist minister.

But one meeting is scheduled at Bethany Lutheran church in the coming week, the Brotherhood session at 8 p. m. on Tuesday. At Moriah Lutheran in Ludlow, the following schedule will be in effect: Wednesday 2:30 p. m., Woman's Missionary Society; Thursday, 7 p. m., board of administration, and 8 p. m., Brotherhood; Friday, 8 p. m., Luther League.

Charles A. Waterbrandt will be guest speaker at the 11 a. m. morning worship period in Calvary Baptist church Sunday and again there will be no evening service, it is announced today.

Rev. F. B. Smith, Free Methodist pastor at Sheffield, announces quarterly meeting services beginning Sunday, all to be in charge of Rev. C. O. Whitford, district superintendent. Sunday services are: 10:00 a. m., Sunday school; 11:00 a. m., Christian fellowship meeting; 11:40 a. m., ministry of the word; 12:20 p. m., sacramental service; 7:45, evangelistic service.

Three new announcements appear in today's Times-Mirror church column, the Brokenstraw Parish of Congregational missions at Columbus, Spring Creek and West Spring Creek, all in charge of Rev. John Waite. The minister announces a special event for August 22, in the form of a service of music and song. Special numbers will be given by Maxine Greeley, pianist; Walter Whaley, guest pianist from Warren; A. L.

Attendance at the union services held each Sunday evening during the past month has been very gratifying to Warren County Ministerial Association leaders in charge of this community worship plan and another large turnout is anticipated at 7:30 p. m. this Sunday.

The service will be in charge of the Church of the Nazarene, with its pastor, Rev. O. C. Mingleford, delivering the message.

Everyone interested is cordially invited and all are reminded that the usual rule of rain after the noon hour on Sunday will cause the service to be held indoors in the First Lutheran church, corner of Third avenue and East street.

Youngsville Council Aids Playgrounds
Youngsville, Aug. 5.—At the regular August meeting of Youngsville Council held this week in the borough building, a donation of \$50 was made to assist in carrying out the playground program being held this summer on Island Park.

Supt. F. L. White was instructed to remove for the duration the traffic lights at the intersection of East Main street and Railroad street and at the intersection of East Main street and Davis and Oak streets.

The special purchasing committee approved of the purchase of a few laboratory supplies, required for use at the sewage disposal plant. Supt. White was instructed to make the necessary repairs on the sewer lift station as soon as possible and, also to see that the repairs on Ford street be finished as soon as the necessary material can be secured.

CIRCLE MEETS
The Orange Circle met Wednesday afternoon at the Forge club house with Mrs. Springer hostess. The devotions were led by the president and at the business session a motion was carried to pay \$1. to the Service club. A study period was devoted to the study of some of the countries of Central America with readings from the "Rim of the Caribbean."

The social program leader, Mrs. Kellerman, conducted two interesting contests with prizes for the winners. A delicious co-operative dinner was enjoyed at 5 o'clock, the hostess having arranged a long table attractively set for the occasion.

The September meeting will be held with Mrs. Ethel Ball with newspaper advertising.

YOUNGVILLE BRIEFS
Mrs. Elizabeth Ransom and daughter, Miss Ruth Ransom, of New York City, paid a recent brief visit to Mrs. Nora Russell.

Mrs. Ralph Ludwig and Miss Margaret Brazee returned the first of the week from a horseback trip to Corry.

Rev. and Mrs. Palmer and family of Kane, spent a few days this week as guests of Rev. and Mrs. Dwight Jack. Rev. Mr. Palmer was the Sunday speaker at the First Methodist Church of Warren.

Mrs. Stella Cowles and daughter Mrs. Bert Strong, were calling on Youngsville relatives Tuesday.

Guests this week of Mr. and Mrs. Frank Hendrickson are Mrs. Owen, baby daughter and the former's mother of Phillipsburg, Mr. and Mrs. Owen were former Youngsville residents. Mr. Owen is now in the Merchant Marine.

Miss Dorothy Jack began this week training in a nurse's course in Oil City. Her many friends wish her success in her hospital training. She was one of the graduates of the June class in Youngsville High School.

All members of the Circles and both the afternoon and evening groups of the Woman's Society of Christian Service are invited to the 1 p. m. twelve dinner meeting Friday, Aug. 7, at Mrs. Alice Streeters of Davis street. Plans are being made to have a missionary speaker of interest to give a talk at the program period.

Miss Loretta Thompson of Youngstown, O., is spending a few days with her grandparents, Mr. and Mrs. W. H. Brazee.

Store Contest Winner Named

W. H. Wright, President of Metzger-Wright Company announced this morning that Mrs. Marshall Hansen has been awarded the \$25 War Bond as the winner of the store-wide contest which has been in progress during the month of July, as the one selling the most War Saving Stamps.

"Help Build the Shangri-La", has been the slogan at Metzger-Wright's throughout the month of July, along with thousands of other retailers throughout the country, to raise the necessary funds to build the new mystery ship, the "Shangri-La". Each coworker has put forth every effort to sell War Savings Stamps to every customer, as their part in building this new warplane carrier.

During the month over \$1,566 in war stamps alone was sold by the coworkers. Bonds were not counted as the whole effort throughout the country was to be in War Stamps alone.

SHEFFIELD NEWS

Sheffield, Aug. 6—Don't go through Saturday without buying a bond or at least a stamp. The goal of the women is to "tag" everyone by the end of the day. Every person who makes a purchase will be given a small paper tag to wear on the lapel or pinned to the front of a dress.

Planning the tribute to Molly Pitcher has met with much keen interest on the part of the women leaders assisting chairman, Mrs. C. R. McNeal, and will sell under the direction of Mrs. Evelyn P. Gailor, of the American Legion Auxiliary, is directing tag day activities for her organization.

Mr. and Mrs. Earl McCaskey are spending a few days in New York. Mrs. Evelyn P. Gailor has returned from New York and Philadelphia.

Mrs. Merle Gilson of Pittsburgh, Pa., is visiting Mrs. H. B. Russell. Mrs. C. G. McDowell of Philadelphia, Pa., arrived yesterday to visit for several days with her sister, Mrs. Evelyn P. Gailor.

Mrs. Arline Donahay has arrived home from Kansas. Her husband has been transferred to Texas.

Local Fire Chief To Speak At State Fire School Meet

Harrisburg, Aug. 6.—The Fifth Annual Pennsylvania Firemen's Training Conference will open at Harrisburg, Pennsylvania, August 16 to 21, with an approximate enrollment of 400 fire fighters. Dr. Francis B. Haas, Superintendent of Public Instruction, said today.

The conference is under the auspices of the Public Service Institute, Department of Public Instruction, and under the direct supervision of Arthur W. Espey, Adviser, Fire Training. Included in the enrollment will be fire fighters from Pennsylvania, Maryland, Ohio, New York, West Virginia and Massachusetts.

Dr. C. C. Hedges, Head of Firemen's Training, Texas A. and M. University, is making a special trip to observe this year's Pennsylvania Fire School. Included among the speakers are David J. Price, President, National Fire Protection Association; William H. Rodda, Chicago; L. Ellis Wagner, Chief of the York, Pennsylvania Fire Department; J. Jack Weiss, Fire Marshall, U. S. Naval Yard, Philadelphia; W. A. Ross, Consultant, U. S. Office of Education; Douglas G. Kropf, chief of

the Warren, Pa., fire department; George H. Wirt, Chief, Division of Protection, Pennsylvania Department of Forest and Waters; T. Alfred Fleming, Conservation Manager, National Board of Fire Underwriters, New York City.

Among the sections open to enrollment for fire fighters' training are Chiefs and Fire Department Officers; Engineers, Drivers and Mechanics; Firemen (Rank and File); Fire School Instructors and Fire Department Drillmasters; Fire Prevention Inspectors and Specialists; Fire Police (including Salvage Patrolmen); Fire Department Rescue Squads; and Auxiliary Firemen.

Noted among the foregoing sections are Fire Department Rescue Squad Training to coordinate with Office of Civilian Defense Rescue Squad Training and a section for Auxiliary Firemen of the Office of Civilian Defense which will follow the specifications of that phase of Civilian Defense Training.

Attendance at this annual fire school conference has steadily increased through the previous four years of its operation beginning in 1939 with 192; 1940—204; 1941—355 and 1942—387.

SEWELL HAS CHANCE TO SET A NEW RECORD

Pittsburgh, Aug. 6.—(P)—Pirate fans are pulling extra hard for Rip Sewell as he shoots for his 12th straight pitching victory tonight in St. Louis.

By winning, Rip can tie the best pitching streak in Pittsburgh history—the 12 straight Jack Chesbro established in 1902.

Deacon Phillippe, still here as a court house attache, won 13 straight in 1910 but the records show Deacon finished only five of the 13 games.

Forge and Struthers - Wells All Set For First Contest In Their Championship Series

All is set for the opening gong of the pre-championship game to be played between the Forge and Struthers-Wells teams. The festivities will start at 3 p. m. and from all indications there will be a real crowd out to see the pastime for which both teams are being sharpened. Children will be admitted but they must stay on the bleachers or they will be ejected. The screens afford only slight protection and the managers do not want any children hurt.

The Forge is all whetted for the opening by their game with Corry which was a smashing victory for the Forgers. The Struthers team will work out tomorrow and they expect to be fast and peppy.

The Struthers boys are banking on Jim Rose with his control and dippy doo ball to keep the Forge bats silent. Rose also wants a victory as he has baffled the Forgers many times but the count, in the short end of the count, in the end will be Johnny Kane who throws from the opposite side and lost a 6-5 decision to the Forgers.

Sparky Pollock will be the Forgers choice to give them the lead in the three game series. Gagliardi, who turned in a fine bit of relief work on Thursday night will be the first relief. Hines, who has been busy working on baby formulas of late will also be ready to go. Wise is a question mark due to working conditions.

The infield will line-up as follows: Geigerich, 3; Morrison, ss; Swanson, 2nd; Rosequist 1st or catcher; Creola, lf; J. Massa, cf; and in event Massa catches Rosequist will go to first and Gagliardi right. Struthers will end in the following: Marlett c; Roe, p; Lord or Shephard 1st; Gerres, 2nd; Vesling, ss; Bonavita, 3rd; Akeley lf; Hoffman, cf; and Jensen rf. Pierce and Cosmano will do the umpiring.

All championship games are 50 cents and the crowd is sure to get its money's worth.

The winner of this series will play a series with Corry for the district championship the best two out of three games. In event of one team taking two consecutive games the winner of the city series opening Sunday will immediately start the series with Corry on Sunday August 15 at Russell Field.

The district champ series has all been arranged at a conference of the managers of the three teams involved. Players in the district series must have played in two consecutive games with the teams on which they appear or they will not be eligible.

They're off—Sunday at 3 p. m. Better be there.

Borough Tennis Tournament on Y. M. C. A. Courts is Launched

The Warren borough men's singles tennis championship, sponsored by the local Y. M. C. A. gets under way with thirteen contestants.

Seeded in number one position was George Brown and in number two position Frank Irvine. These men were the only players to be seeded.

The tournament is to be a double elimination affair, which means that each player is assured of playing at least twice before being definitely eliminated. All losers will go over to the losers side of the bracket and continue to play until defeated. The second defeat means curtains for that player. By using this method a good player that is eliminated in the first match, because he may have had an off day, can continue to play on the losers side and if it is possible to win the championship even though he has suffered a defeat.

The tournament drawn up by Leonard Seale and his committee lines up as follows: First round brings together D. Dalrymple vs. F. Chimenti—J. Flick vs. L. Seale—C. Goodwin vs. D. Weiss—J. Eaton vs. R. Linquist—M. Carlson vs. R. Hedberg. G.

Brown seeded number one plays the winner of the Dalrymple-Chimenti match. F. Irvine number two plays C. Rowland, Jr. in the second round.

The following rules will govern play:

1. This is a double elimination tournament.
2. Reservations must be made for the court.
3. Contestants must furnish own balls.
4. All scores must be reported to the "Y" office immediately following each match.
5. First round both sides of the bracket must be completed by Thursday, August 12th. Second round, both sides must be completed by Tuesday, August 17th. Third round, both sides must be completed by Thursday, August 19th. Fourth round, both sides must be completed by Saturday, August 20th. Entire tournament must be over by Wednesday, Aug. 25th.
6. Effort must be made by both players to arrange for their match.
7. All matches must be played on the Y. M. C. A. court.
8. Best out of three sets constitutes a match. In the finals best out of five sets.

Merchants Overwhelmed By Forgers

It took the Forgers six games before they could find themselves against the Corry Merchants, but they exploded everything against the veteran Verne Group last evening at the Warren State Hospital diamond.

Forge started off in the first inning when Creola walked, Swanson, Morrison, Rosequist and Pollock singled to shove over three runs. Three more runs were picked up in the second, one in the third, four in the fourth, two in the fifth, one in the sixth and four in the eighth.

Morrison, with three hits, Rosequist with four including two home runs and Gagliardi with five were the outstanding batters. Pollock turned in a fine game.

The box score:

Sports Roundup

BY HUGH FULLERTON, JR.
New York, Aug. 5.—(P)—Betcha never knew this—a collection of old and unimportant items culled from sports history:

Fifth Wheel
Connie Mack's famous \$100,000 infield was composed of five men—Stuffy McInnis, Eddie Collins, Jack Barry and Home Run Baker (the four you've heard about) and Danny Murphy, who cost Connie about \$500. Murphy arrived late for his first game with the A's on July 8, 1902, so Jud Castro played the first inning and got a hit. Then Murphy turned up and smacked six consecutive blows so his late arrival cost him a chance to get his name into the record books with the all-time leaders.

Y's Guy
The fact that Wayne Johnson, who played 60 minutes of good football for Harvard against Yale last fall now is a marine trainee and candidate for the Yale team reminds old-timers of the 1913 game between the Elis and the Johnnies. F. J. O'Brien, Harvard end, scored a deliberate safety that day, thinking he was merely making a touchback. Harvard won, so it was only a gang when O'Brien's teammates voted to award him his "Y".

Sounds Fishy
When the first team of Finnish athletes, including the great Hannes Kolehmainen, came to this country, Lawson Robertson escorted them on a trip to Canada. Before entering a Pullman car in the New York station, the Finns all removed their shoes. At lunch time someone brought out a suitcase big enough to hold a fiddle, extracted a wicked looking knife, a loaf of bread as long as the case, an equally large fish and sliced them down the middle for sandwiches. By the time

Block Off The Old Chip
George Chip, who bossed the middleweight division in 1913-14, probably was the only champion who lost his title while serving as a substitute. George's kid brother Joe had given an unknown named Al McCoy a licking but when a return bout was arranged in Brooklyn, Joe got hurt in training. The promoter thought it would be smart to get George to sub for his brother in a no-decision affair. At the bell, Chip swarmed all over McCoy; his first assault failed to put Al down and George stepped back to get his breath. As he relaxed a moment, a punch came from nowhere. The fight was all over in just 45 seconds and McCoy was the new champion.

It's a Gyp-See
Alex Robb of the thoroughbred racing associations dug up the yarn about Gypsy Lee, who picked a derby winner for an English nobleman some 75 years ago. Gypsy wrote "blew gown" on the race program and sure enough Sir Joseph Hawley's "Blue Gown" won the Epsom Derby. Peeved because the nobleman criticized her spelling, Gypsy Lee then prophesied that no horse whose name began with "W" would win the derby as long as she lived—and none did. Gypsy Lee died in 1937 and next spring the gypsies who gather on Derby Day really unloaded the pockets to bet on Windsor Lad, owned by the Maharajah of Rappila. Of course the "W" horse won at odds better than 7 to 1.

Postscript
If any of you folks can top these yarns, we'd like to hear about it and maybe we'll get another column like this one.

Cincinnati Proving a Real Threat to Pirates for Second

By TED MEIR
Associated Press Sports Writer
The Cincinnati Reds, who have been blowing hot and cold all season, apparently are generating a full head of steam that may blow Pittsburgh out of second place in the National League and possibly prove very annoying to the first place St. Louis Cardinals.

Behind a masterful six-hit pitching performance by Buck Walters the Reds beat the Chicago Cubs 4 to 1 yesterday and dropped the crumbling Brooklyn Dodgers from third to fourth. The Reds took over the third place position, only 2½ games behind the second place Pirates. In the spot they can prove

fit no matter how the Pirates-Cards series, opening tonight in St. Louis, turns out. If the Cards win, the Reds gain on the Pirates. If Pittsburgh wins, the Reds take a step closer to first place.

With all other major league clubs idle, the rise of the Rhinelanders shared interest with Doph Camilli's announcement that he had quit baseball. The former Brooklyn first baseman—traded to the New York Giants last Saturday—said he was "washed up" thus voluntarily ending an 11-year career in the majors with the Cubs, Phillies and Dodgers.

It may be only a coincidence, but the return to form of Walters seems to have inspired the Reds. They have won four of their last (Turn to Page Ten)

Methodists Drop One To St. Josephs Coach Trouble

By ARDEN SKIDMORE
Pittsburgh, Aug. 6.—(P)—Carnegie Tech, only five years ago a proud football power under Bill Kern, plans to have another team this fall with no apparent concern that there isn't anyone yet to coach it.

The Skibos were left without a single member of the coaching staff when Dr. Edward Baker, pointed the navy and assistants Al Irwin and Joe Skladany took defense jobs.

There hasn't been any summer practice and the Tech schedule looks like something junior got his hands on.

But Tech is going to have a team if at all possible," beamed Max Hannum, who runs the Tech basketball team, beats out the publicity, and acts as all-around right hand man to athletic director Buddy Overend.

"We've got a lot of students who want to play football, particularly engineering students not affected by the draft, and we've got five boys from last year's team as nucleus," Hannum said, adding: "We expect some action on a coach in the next couple of weeks and if the opponents hold up we'll carry on."

Lefty George Still In Form

By ED CREAGH
York, Aug. 6.—(P)—Twelve years ago when Jack Bentley, the former New York Giants star, handed Lefty George the well-known pink slip, he sighed: "I feel sorry my old friend Tom can't stand the pace this year."

Thomas Edward George, the southpaw pitcher who rose from the Pittsburgh sandlots to the major leagues and then drifted back to York of the old New York-Pennsylvania league, was "washed up" after 27 years of baseball.

So Bentley thought.

Next Monday night, barring all accident, Lefty George—37 and a grandfather—will be the starting pitcher for the "vest" team in the class B Interstate League's all star game at Wilmington, Del.

With no more steam than a punctured boiler, with a "floater" that crosses the plate—as a home town wag put it—"on a wing and a prayer"—the six-foot beer salesman has won six games and lost four this season for a successor of the York club that released him.

Awards Will Be Given To 300 S-W Men

In an endeavor to recognize the loyalty and faithfulness of a large number of its employees, the Struthers-Wells Corporation has planned an award ceremonial for Labor Day at Island Park, inviting all employees and their families.

Awards will be in the form of a specially designed lapel pin of gold and at least two of these will be given to men having a full-half century of service to the firm. The recipients will be John Smith and Sherman Zerby, still actively employed in turning out the supplies needed by our fighting forces on many fronts.

A total of 295 persons will receive these awards, ranging in period from five to 50 years and representing a total of 3,555 years of service.

In addition to the ceremonial, there will be games and contests, with prizes for the winners, and a local caterer will provide a buffet lunch to relieve the ladies of the labor of packing basket lunches.

In the evening of the same day there will be special entertainment and dancing.

Daily Average Crude Output Shows a Gain

New York, Aug. 5.—(P)—The American Petroleum Institute reported today that daily average crude oil production in the week ended July 31 was 4,133,300 barrels, an increase of 14,600 from the previous week and compared with 3,383,050 a year ago.

Refinery operators for the week averaged 78.5 per cent of capacity against 86.4 per cent the week before.

Supplies of gasoline for the nation declined 737,000 barrels during the week to a total of 74,977,000, heavy fuel stores were off 115,000 barrels at 66,877,000, but light heating oils increased 474,000 barrels to 36,363,000.

On the eastern seaboard, there was a minor decline in civilian stores of petroleum products which at the end of the week amounted to 34.9 per cent of normal against 35.2 per cent a week earlier.

Human Torch Slaying Is Reconstructed

Jured she would have died. "It was apparently after these things had occurred and sometime shortly after midnight that the two-year-old son was left at the home of a neighbor, Wayne Helic. Later he was taken to the home of his grandfather, John Sink, at Homer City, where he is now."

Sheriff Irvin said there it was not known definitely whether the child had been at the scene at the time of Mrs. Sink died. The child was in the car when the Sinks left Indiana to go to their home, he said, adding "it was presumed the youngster was in the car at the time it crashed, although he was not injured."

Sheriff Irvin said four searching parties had scoured the hills of Indiana county without finding trace of the missing husband.

Nazis Reeling Backward On Soviet Front

(From Page One)
More than 3,000 Germans died in the last phases of the battle for Belgorod, the Soviet announcement said.

Orel's occupation had been expected, for a three-pronged Russian pincers had been tightening relentlessly upon the city from the start of the offensive on July 12.

Belgorod fell, however, came with stunning surprise, as official Soviet communiques had referred to action there as of local importance.

Noon-Hour Practice Blackout Scores About 70% in Borough

considered only fair and not up to Warren's usual batting average. Alert signal during the noon hour kept many indoors and away from lunches and caused scores to be late for work. However, it was all taken in stride and employees and employers all accepted the fact as inevitable.

The drill was the first daylight test since May 6. The State Defense Council said the test was arranged to determine the operation of the commonwealth's air raid alarm setup during noon hour conditions.

TIMES TOPICS

BUYING STONEYLONESOME

It was learned this afternoon that Mrs. Blanche Lawson, formerly of Warren and Erie, has completed negotiations for the purchase of Stonelyonesome in Glade township, for years subject of litigation in Warren county court. The amount involved has not been disclosed. It is understood that the transaction only involves the surface rights between 500 and 600 acres including the famous Stonelyonesome dwelling.

a mockery of constitutional government with all his appointments by not making them while the senate was in session.

The upper chamber will be asked to confirm the various appointments at the legislature's 1945 session.

Houck, former Schuylkill county judge, was appointed to the \$10,000-a-year job to succeed Richard J. Beamish, Democrat, whose term expired in March.

Since the legislature adjourned last May, Martin has made appointments to the game commission, the liquor control board, the state planning board, the turpentine commission, the milk control commission and various other agencies and boards of trustees.

POSSIBILITY OF A MILK SHORTAGE SEEN

New York, Aug. 6.—(P)—A series of conferences will begin here today between federal officials and representatives of the New York milksheds to consider means of preventing a possible milk shortage in this area next fall.

Dr. C. J. Blanford, metropolitan milk marketing area administrator, said that the main purpose of the meeting "is to provide the was food administration with basic information so that a program can be formulated to control any chaotic situation that could arise in November."

He added that "a shortage of fluid milk is now in prospect for November, not because the milkshed will fail to produce enough milk to supply the city, but because the demands from other markets and for other uses could deprive the city of its normal intake x x x."

War of Nerves Has Neighbors Calling Cops

Police last night were called upon to investigate a report made that a fellow in the West End was a sort of unneighborly cuss and was causing no end of neighborhood troubles. Women of the neighborhood were interviewed by the coppers and they discovered that not only was the fellow a wee bit unsociable but that he distributed nails and glass where the tires of the neighbors' automobiles came in contact with. The police carefully weighed the complaints and dropped the subtle suggestion that District Attorney Goldstein would be a good man to see if the fellow doesn't stop his war of nerves being waged on the neighbors.

And in their kind hearted way the coppers have two calico kittens for which they are trying to secure adoption. The kittens according to the police blotter "are playful and kindly and would make good pets." So, according to the dope, calico cats are the best mousers and if mice have invaded your castle a call on the cops with a request for a kitten will get results.

Otherwise it was a quiet night interrupted only by reports from the guards in the various defense industries, calls from the cruiser car and perusal of exciting detective stories. It was a long night as are all when no excitement reigns supreme.

Cincinnati Proving a Real Threat to Pirates for Second

(From Page Seven)
Five stars and Bucky, the third baseman turned pitcher, has won two of them. If Johnny Vander Meer begins to win regularly, along with Elmer Riddle, Ray Starr and Walters the Reds will be formidable indeed. They already boast a snappy double play combination in shortstop Eddie Miller and Second Baseman Lonnie Frey and are getting some timely hitting, especially from Eric Tipton and Ray Mueller.

In chalking up his 101st victory for the Reds since he was sold to them by the Phillies in 1938, Walters pitched in the fashion that won him 27 games in 1939 and 22 in 1940. He gave up a run in the first inning on Phil Cavarretta's double and Bill Nicholson's single, then got tougher and tougher. Ed Stankey doubled for the Cubs in the third and Harry Lowrey tripled in the fourth. Both were stranded. After that Walters permitted only three runners to reach first—one on a base on balls and two singles—where they quietly expired. It was the seventh win against 11 defeats for Bucky, who injured his foot in spring training and got off to a bad start.

Aided by five Cub misplays the Reds, meantime, nicked Hi Bithorn for two runs in the third and single tallies in the fourth and fifth. Estel Crabtree made three hits in five times at bat and was the principal reason why Bithorn suffered his ninth defeat instead of gaining his 14th victory. His single in the third drove in what proved to be the winning run.

CORYDON
